We Deliver Solutions!

Excitement, Education and Awareness

These are the goals of a new partnership between L.G. Everist, Inc. and the Dell Rapids School District. What better place to start this pilot program, especially since the school mascot is the Quarrier!

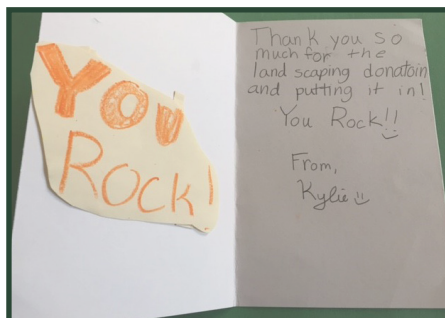

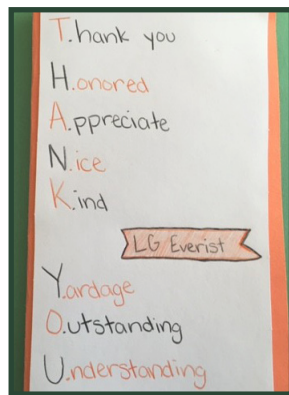

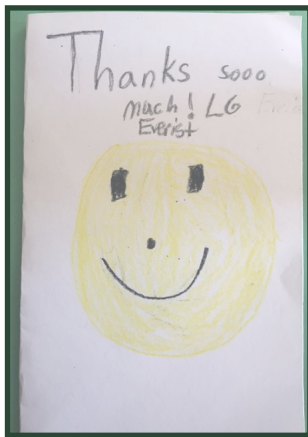

Excitement was in the air as LGE and Jasper Stone crews spruced up the campuses with fresh landscaping and provided school supplies and quartzite teacher recognition gifts.

We have operated the quarry in Dells since 1927. So much has changed since then, we believe we need to **educate** as many folks as we can about what we do and who we are. We're planning field trips, offering scholarships, and hosting outings to the quarries.

By being visible, we will raise **awareness** that the aggregate and construction industries are vital to our communities and that we offer a wide variety of career opportunities. This is a fun program we plan to expand to other LGE locations.

Here are a few thank you notes from some junior quarriers who just might be LGE employees in a few years.

~ Rob Everist

Happy Birthday!

We Deliver Solutions!

Emoción, Educación y Conciencia

Estos son los objetivos de una nueva asociación entre LG Everist, Inc. y el Distrito Escolar de Dell Rapids. ¿Qué mejor lugar para empezar este programa piloto, sobre todo porque la mascota de la escuela es la Quarrier!

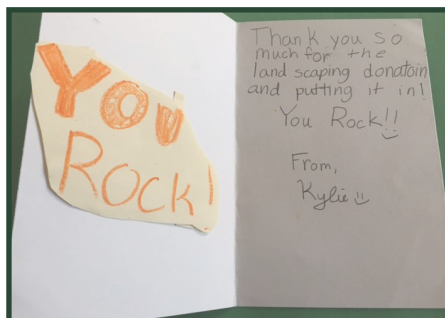

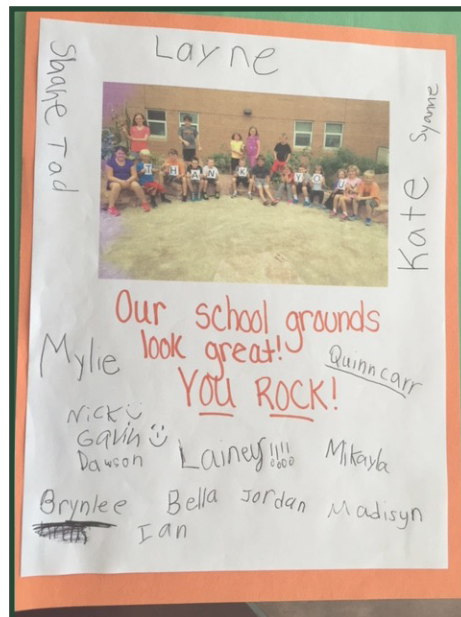

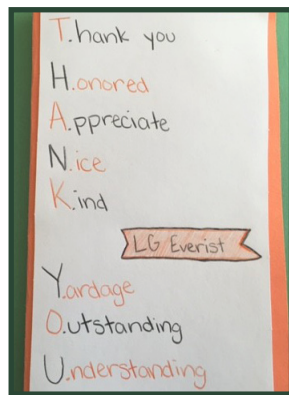

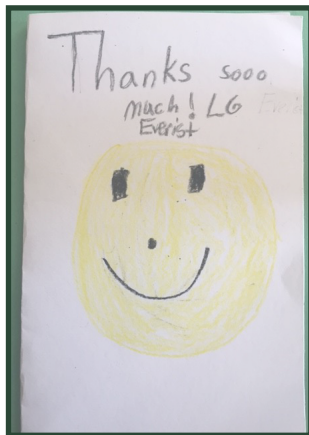

La emoción estaba en el aire como LGE y Jasper Stone tripulaciones arreglaron los campus con frescos jardines y siempre útiles escolares y cuarcita regalos de reconocimiento docente.

Hemos operado la cantera en Dells desde 1927. Así que mucho ha cambiado desde entonces, creemos que tenemos que **educar** a tantas personas como podamos sobre lo que hacemos y lo que somos. Estamos planeando viajes de campo, ofreciendo becas, alojamiento y excursiones a las canteras.

Al ser visible, vamos a crear **conciencia** de que las industrias de agregados y de la construcción son vitales para nuestras comunidades y que ofrecen una amplia variedad de oportunidades de carrera. Este es un divertido programa tenemos previsto ampliar a otros lugares LGE.

He aquí algunas notas de agradecimiento de algunos canteros jóvenes que recién podrían ser empleados LGE en unos pocos años.

~ Rob Everist
