Spring Kick-off

We have been gearing up for the season by holding the annual safety kick-off meetings with Ace Ready-Mix and Myrl & Roy's. Throughout L.G. Everist, there have been a lot of changes including the trucking fleet operation. Last fall, the closing of the plant 141 in Iowa, we moved the truck & trailer fleet to Myrl & Roy's in Sioux Falls, South Dakota.

We also updated the logos on all vehicles, including eleven dump truck overhauls with the new paint scheme, thanks to Arc Fabrication.

At Ace Ready-Mix, we added a camera system to all of the Ready-Mix trucks to further help with the safety to our drivers.
